

1. Answer the questions for each picture and complete the number sentences.

Example:

How many children are inside the sea?

2

How many children are outside the sea?

6

How many are all the children?

8

2

+

6

=

8

How many children are playing with the sand?

How many children are playing with other games?

How many are all the children?

$$\square + \square = \square$$

How many animals are outside the river?

How many animals are in the river?

How many are all the animals?

$$\square + \square = \square$$

How many books does Dora hold?

How many books does Peter hold?

How many are all the books?

$$\square + \square = \square$$

How many children are raising hands?

How many children are not raising hands?

How many are all the children?

$$\square + \square = \square$$

How many are the bottles in the box?

How many bottles does John put in the box?

How many are all the bottles?

$$\square + \square = \square$$

How many cookies are in the tray?

How many more cookies has Mary prepared?

How many are all the cookies?

$$\square + \square = \square$$

2. Circle one mathematical sentence for each problem and find the answer.

Anna had 6 balls. She gave 2 balls to her friend Lena. How many balls were left to Anna?

$4 + 2 = \square$

$6 - 2 = \square$

$8 - 2 = \square$

$6 + 2 = \square$

Answer: _____

John has 2 guitars and 3 drums. How many musical instruments does John have?

$2 + 3 = \square$

$3 - 2 = \square$

$5 - 2 = \square$

$5 + 3 = \square$

Answer: _____

Carol had 5 pencils. She bought 2 new pencils. How many pencils does Carol have now?

$5 - 2 = \square$

$7 + 2 = \square$

$7 - 2 = \square$

$2 + 5 = \square$

Answer: _____

3. Write a mathematical sentence for each problem and find the answer.

Anna ate 2 slices of pizza with pineapple and 3 slices of pizza with mushrooms. How many slices of pizza did Anna eat?

Mathematical sentence: _____

Answer: _____

Mrs Harry baked 5 loafs of breads. She gave 1 loaf of bread to her neighbour. How many loafs of bread are left?

Mathematical sentence: _____

Answer: _____

There are 3 red apples and 3 green apples in a basket. How many are all the apples in the basket?

Mathematical sentence: _____

Answer: _____
